Ben's thoughts...

GENEROUS DAY (1235 South - PC Horse)

Should come on plenty for seasonal debut last time out as he is 0/7 on seasonal debut runs

HELTENHAM (1235 South - D Skelton 1st Time Hcp)

Not much to add to this one, think he's a bit of a tricky horse to get a proper grip on... although worth noting that there are good stats for D Skelton Chasers on second run off a wind-op when ridden by H Skelton and starting at SP 5/1 or less... 16/36 | 44% S/R | +£11.37 - W&P 22/36 | 61% S/R... this one likely to fit those stats here...

FAVOUR AND FORTUNE (135 South - SOF Sire Angle)

Alan King has decent enough stats with his 3yo-4yo bumper debutants at C5/C6 level... 16/74 | 22% S/R | +£39.16 - W&P 33/74 | 45% S/R - 18% above exp...

RIGHT SAID TED (235 South - S Smith 1st time Hcp)

Nothing to add for this one...

Nothing extra to add to the above
